Evernote

Specifier	Studio O+A
Location	Redwood City CA
Product	Custom Floor Covering
Felt Color	170 Asche
Photographer	Jasper Sanidad

Grounding a group of seating adjacent to a coffee and break area (complete with donut bar!), a custom felt floor covering with hand stitching seems right at home with the eclectic wood furnishings. At Evernote's Redwood City offices, the design intent is to foster informal collaboration and casual interactions. With informal finishes and furnishings including concrete floors, chalkboard paint, and eclectic lounge seating, natural wool felt is just the right fit.
